Dear Board of Patents and Interference,

I am writing concerning my U.S. Utility Patent Application 10/693,385 (Remote Audio Visual Home Monitor). In January 2007 a hearing request package was mailed certified to the U.S. Board of Patent Appeals and Interference. In May 2007, a follow up letter was mailed certified to the Board of Patents Appeals and Interference. To this date I have not heard anything from this Office.

I respectfully asked that someone please look into this matter and contact me:
